This comfortable house is located at the edge of the village Tsoukalades, within walking distance from the local amenities and offers panoramic sea vistas while it gives you the opportunity to create the house of your dreams with your personal touch and personal needs.

It is developed into 3 levels spreading over 4.004sqm land. On the 175 sqm ground floor, there is plenty of space to accommodate more than one guest studio and an open garage area. On the first level is located the main house which is developed into 153 sqm plus the attic of 51 sqm. From the wrapped-around balcony, you have an open and beautiful view of the sea, the canal and the town of Lefkada. The outside space gives you a lot of potential with the proper care and love to upgrade it and make your little haven away from the noise and surrounded by the green of the trees and the blue of the sky. You have the possibility to have a swimming pool, too.
