A private haven of contemporary luxury, poised above the Ionian Sea with views that captivate from dawn to dusk

Brand new and completed in 2026, this beautiful hillside villa in Perigiali combines clean, contemporary design with a warm, relaxed feel. Set above the coast, it enjoys panoramic views across the Princes Islands, with ever-changing scenes of sailing boats and watercraft gliding across the Ionian Sea.

The villa has four spacious en-suite bedrooms, each opening onto a terrace or balcony and designed to make the most of the spectacular views. Large windows bring the light and landscape deep into the interiors, while the simple, functional architecture is softened by natural textures, comfortable furnishings and thoughtful décor.

Outside, the villa is made for slow days and long evenings. There are superb alfresco spaces for dining, lounging and yoga, together with a large infinity-edge pool featuring an extra-shallow end — perfect for younger family members or simply cooling off while enjoying the view. An outdoor kitchen, complete with a Greek-style BBQ and a four-burner Australian BBQ, makes relaxed lunches and evening feasts effortless.

Wake to spectacular sunrises, watch the changing light across the islands throughout the day, and enjoy the magical glow of the moon rising above the Acarnanian mountain range while glistening over the water in the evening. With its exceptional views, generous outdoor spaces and effortless modern style, this is a villa designed for enjoying the very best of a Grecian lifestyle.
